A Useful Root
Magic \$250
Far-Off China
Uneven Prosperity

BY ARTHUR BRISBANE

GEORGE BERNARD SHAW, becoming less important and less important after 70, declares that accumulated money is the root of all evil.

WITHOUT accumulated money Niagara Falls wouldn't be here; the Panama Canal, which helps sustain as much as it does us, wouldn't be dug; automobile production wouldn't be on a quantity basis, and this country would have perhaps 210,000 expensive automobiles instead of 2,000,000 inexpensive automobiles.

GREAT accumulations of capital, like great accumulations of water going down hill, represent power. Eliminate accumulated capital and you would eliminate possibilities of higher civilization.

IF the people haven't brains enough to watch and control accumulated capital they wouldn't have enough to control small capital.

THERE is magic in the five words, "Two hundred and fifty dollars." A cheap professor hired to deliver lectures on the power companies promises that he got \$250 for each lecture.

AND a lawyer of the earnest Ku Klux Klan hears that a distinguished United States senator got \$250 for each lecture attacking individuals detrimental to the Klan.

HOW little the average man knows of money! He hears about it in the papers and in the news.

Marshall Chang Tso-Lin gives up hope of the advancing Japanese and uses complications, and prepares to abandon Peking, once China's mighty capital.

Is Chang Tso-Lin a defunct person in your mind?

IN many various corporations declared dividends amounting to \$347,000, 40%, and June's dividends will total \$3,000,000. The country is prosperous. The task of intelligent men is to divide the prosperity more evenly.

MR. DURANT who once owned control of General Motors, but doesn't own it now, returns from Europe saying: "The biggest bull market ever seen will develop in two or three months. The big boom is yet to come."

Mr. Durant thinks brokers' loans will amount to ten billions, and expects to see "ten-million-shares days."

THAT may all be true, and none of it may be true. The wise man keeps out of gambling.

More important, the GENUINE news is the fact that Henry Ford's army of employees last week numbered 115,313, highest total in his record. The total employment by all Detroit automobile makers was 250,073. That is REAL prosperity.

A DISTINGUISHED Chicago citizen, sometimes called "Scarface" Al Capone, well acquainted with the law, has been released by a respectable business firm. The firm says, "We are tired of being hounded up by the report of racketeering and think Mr. Capone can stop that for us."

Sound judgment. They have not been hounded up since they took Mr. Capone into partnership.

THE same thing happened nearly 50 years ago. On the left as you enter the Art Museum in Chicago stands the original Capone, Bartolomeo (Boss) Al Capone, great grandfather of his day, who called "General". He gave his army to Venice and Milan, fought for and held both cities, and died generalissimo of the Venetian state, just before Columbus started to discover the United States.

CHICAGO citizens should see that state of Colorado, of which the original is in Venice. It is the greatest question statue in the world. None ought to have a reproduction of this state home.

BEFORE one of the largest audiences in the history of Chautauqua Pavilion, Garfield Park, and at the fifteenth annual commencement of the High School, 194 graduates were presented diplomas, certificates for their 12 years of public school work, last night.

Although the graduating class was much smaller than that of last year, when 239 students received diplomas, attendance at commencement exercises was quite as large. Including the persons who found seats in the aisles around the inside of the pavilion and those who witnessed the program from the open doorway, total attendance was estimated at about 3,000 persons.

The graduates, in uniform caps and gowns of grey, occupied the front center of the pavilion, entering in procession form while the High School Orchestra played the "Marche Romaine" by Gounod.

Inspiring Address

"The Good Workman" was the subject of the inspiring address delivered by Rev. M. H. Lichter, D. D., pastor of First Congregational Church in Columbus.

Rev. Lichter's address was based on what he termed the three "supreme characteristics" of "the good workman," the first being the theory that one's only competitor in life is oneself.

"The great concern of the modern workman should be, not 'How do I stand in relationship to fellow workers?' but 'How do I stand in relationship to myself?' the pastor said.

"Strive always with each new task to improve, irrespective of the work of your competitor."

"The second mark of the good workman," Reverend Lichter said, "is in finding one's highest joy in one's work. American needs a new gospel of work. Youth cannot be blamed for the slackness with which it comes to work for distractions are many and tempting. Every one must learn to put his shoulder to the wheel."

Pinch Nose, Burn Feet and Stick Him with Pins To Make Him Talk

New Philadelphia, June 2—John Pryor, 35, wealthy Goeben Township farmer, was subjected to torture by two masked bandits in his home early today in a vain attempt to force of money which the robbers thought was secreted about the house.

Pryor is under the care of physicians following three hours of torture at the hands of the bandits. The thugs pinched his nose with wire cutters, burned his feet with a hot chisel, and struck him over the head with a black-jack.

The failing to make their victim talk, the thieves tied him hand and foot and stuck him with pins in further efforts to learn of the money they thought was about.

The bandits entered the house about 1:30 o'clock this morning. They took Mr. and Mrs. Pryor from their beds and forced them into a room and prepared to torture the husband. They remained until 4:30 o'clock in a vain hunt for money.

The house was ransacked from top to bottom, furniture was pulled apart in the search. The total of their loot was but \$30 found in a dresser drawer.

Marion's Need of Airport Demonstrated as Biplane Enroute West Is Damaged Landing In Farm Field; Bunyon Derby Winner Passenger

MARION has just had a practical demonstration of its need for a Municipal Airport.

A crippled biplane, shipped from here this morning after it was damaged in making a landing, furnished a new and convincing argument in favor of the airport project.

The plane, manufactured and owned by the Spartan Aircraft Co. of Tulsa, Okla., and piloted by Charles E. Parker, the company's manager of sales, nose-dived and rammed into the ground when Parker sought to land safely on the James B. Guthrie farm, three and a half miles west of Marion, Thursday night.

Parker and three passengers were uninjured and although the plane was only slightly damaged, it could not be used to continue the flight.

One of the passengers was the famous Andy Payne, winner of C. C. Pyle's cross-country marathon. Had Payne's identity been made known it is probable he would have been the cynosure of all Marion eyes. As it was no one knew he was in the city until today. A telegram to The Star from the Spartan Aircraft Co. at Tulsa confirmed the report that Payne was a passenger.

The craft, a biplane named "The Will Rogers," was enroute from New York City to Tulsa and Marion was scheduled as the first stop.

Coming over the city about 7:30 o'clock Thursday night, Parker looked in vain for an official landing field. Finally, after circling over the town several times, he picked out an oval field in the Guthrie farm.

As he came near the ground he sighted what he thought was an open ditch directly beneath and in maneuvering to avoid landing in it, caused the plane to turn nose down, in which position it landed. Investigation showed that there was no ditch, shadows on the ground evidently having given Parker a mistaken view.

Parker and his friends, Payne, Gilson Gordon and M. H. Harrison, all of Tulsa, came to Marion, where they arranged for having the plane crated by the Padlock Storage & Transfer Co., and shipped on to Tulsa.

While here they stopped at Hotel Harding. Condon, Payne and Harrison left for Tulsa yesterday but Parker remained here until this morning to complete arrangements for shipment of the airplane.

The three men had gone to New York to witness the finish of C. C. Pyle's "Bunyon Derby," the cross-country footrace won by Andrew Payne of Claremore, Okla.

On the side of the plane appeared the words: "Greetings, Andy Payne, the Speed King of U. S. Highway No. 66, Mainstreet of America."

REPUBLICANS IN K. C. TO SETTLE DIFFERENCES

Must Decide Who's Who Among Quarrelsome Office-Holders of South

MEET MONDAY MORNING

Full National Committee To Act as Judge and Jury in Contests

BY GEORGE H. HOLMES
Star Staff Correspondent

Kansas City, June 2—The elder fathers of the Republican party began assembling in Kansas City today, 10 days in advance of the convention, for the quadrennial task of deciding who's who among the quarrelsome Republican office-holders of the always Democratic South.

Settlement of factional differences in southern states before the convention has become as fixed an event as the convention itself. This year the contests have been brought from several states and one territory, and involve some 60 seats in the convention. The full national committee meets Monday morning to act as judge and jury in the proceedings.

This year, for the first time since the historic contests of 1912 between the Taft and Roosevelt delegates, the quadrennial fight may conceivably have an important bearing on the nomination. However delegates are involved in nearly every one of the 60 contests. Should these delegates lose out to any appreciable degree the effect may be all important, for the Hoover managers have had to take a lot of things for granted in making their claims of a nomination within three ballots.

ITALIAN FLIERS SET ENDURANCE RECORD

Pair Lands at Rome After Being in Air Nearly 59 Hours

London, June 2—Italian aviators Ferrarini and Delpreto, who established a new aviation endurance record at Rome, landed at 3:32 o'clock this afternoon after being aloft 58 hours and 57 minutes, according to an Exchange Telegraph dispatch from Rome.

The two tired aviators landed just before 6 o'clock this afternoon. At 11:30 o'clock in the morning, just after the Italians had crossed the mark set by the Americans, they went aloft to the ground that they intended to remain aloft until 2 o'clock. However, at 2 o'clock conditions were so propitious for a continuation of the flight that they continued until their fuel was running dangerously low.

The old record held by the Americans was 55 hours, 38 minutes and 41 seconds. Previous to the exploit of the Americans the record had been held in Germany where it was made with a Junkers machine.

The Italian machine carried a radio and the fliers were in communication with the airport all the time. Both are members of the Italian Royal Air Force, in which branch they hold the rank of major.

LINDBERGH "DROPS IN" ON SAN DIEGO FIELD

San Diego, June 2—Cal. Charles A. Lindbergh, the famed aviator, was here today after taking off on Monday from San Francisco late yesterday.

After swooping down on downtown San Diego Lindbergh here last night, Lindbergh and his party went to the home of R. F. Mahoney, aircraft builder, where they spent the night.

REPORTED DYING

E. T. MEREDITH IS NEAR DEATH

Former Secretary of Agriculture Suffering from High Blood Pressure

Des Moines, Ia., June 2—Edwin T. Meredith, secretary of agriculture in President Wilson's cabinet, was believed near death at his home here today.

Dr. A. C. Page reported, "He is critically ill."

The former secretary, in private life president of the Meredith Publishing Co., is suffering from high blood pressure and complications.

Until a few weeks ago Meredith was considered a Democratic presidential possibility.

MAN FOUND GUILTY OF SAFE BREAKING

Jury Returns Verdict Against Curtis Shappard After Six-Minute Session

Curtis Shappard, formerly of Prospect, was found guilty of breaking into the Able & Wooten billiard room and forcing open the safe, by a jury in Common Pleas Court yesterday.

The jury was out only six minutes. The report was made at 4:45 o'clock yesterday afternoon. Sentence was withheld by Judge George B. Scofield pending hearing on a motion for a new trial which was filed today by Attorney Louis E. Myers, defense counsel.

Conviction of Shappard was due largely to the testimony of Nora McDermott, Josephine Rhingle and Pearl Petty. All three testified that Shappard told them of robbing a number of places in the city and of his intention of "getting" a number of other places, including the Able & Wooten billiard room.

Testimony was also given that Shappard remarked on the morning following the burglary that he knew what the headlines in the paper would be that night.

The case was prosecuted by Frank Wideman, prosecuting attorney, and Carter Patton, police prosecutor.

WORK CONFIDENT

Says "Parker House" Will Not Hurt Hoover

Kansas City, June 2—The gathering storm of an agricultural revolt in the west hasn't found the confidence of Secretary of the Interior Robert Work that his cabinet colleague, Herbert Hoover, will be unshaken for the presidency and elected.

In Kansas City today conferring with Hoover managers, Mr. Work declared:

"The situation is all over. All we have to do is to better and then we can win. The work is all done."

Work dismissed the "farmers' revolt" with a wave of his hand.

"It's the work of Democrats," he said. "The original committee of 22 that started the whole business was composed of 20 Democrats and three Republicans."

Flight from Hawaii to Island of Suva in Fiji Group. Aim

PLENTY OF GASOLINE

Find They Had 130 Gallons of Fuel in Tanks at End of Trip

Honolulu, T. H., June 2—Victors in their grueling struggle against the perils of sea and air, the four courageous men who comprise the crew of the monoplane Southern Cross, today stood on the threshold of an adventure, even more ambitious and daring than their 2,000-mile dash from the American mainland to Hawaii.

After a night of deep sleep, such as only those who give their utmost in energy and effort can know, the four men—Capt. Charles Kingsford-Smith, Capt. G. F. E. Elm, Harry W. Lyon and James Warner—prepared to leave their hotel and motor to Wheeler army air field, where the giant craft, which faithfully bore them over their long course, awaited their scrutiny.

The first leg of their projected air expedition from America to Australia stamped with success, the valiant birdmen lost no time in turning their attention to plans for the consummation of the next step in their epic program, a flight from Hawaii to the distant island of Suva in the Fiji group. This is the leg of their contemplated air journey to Australia, fraught with the greatest dangers, covering as it does, a distance of 3,130 miles over a single expanse of water.

WM Inspect Plane

Although the aviators were scheduled to take off from Wheeler Field on a short flight to the island of Kauai today, it was thought likely that they might postpone the hop for a few days. WILCE TO QUIT AS OHIO STATE COACH IN 1929

Athletic Board Accepts Action of Grid Mentor; Praises Work

WILL PRACTICE MEDICINE

Successor Not To Be Named Until Close of Next Season

Columbus, June 2—Ohio State University will have a new football coach for the 1929 season, it was learned today when Dr. J. W. Wilce, for 15 years director of football, tendered his resignation to the university athletic board, effective in June, 1929.

Dr. Wilce will coach the football team during the 1928 season. No successor has been named for the position. Dr. Wilce upon retiring will resume medical practice, and do some teaching, it was announced.

The athletic board accepted the resignation "with sincere regret."

In so doing, it adopted a resolution praising Dr. Wilce and recognizing "his long, faithful and conspicuous service."

No successor to Dr. Wilce was mentioned by the board, members said. No action looking toward the selection of a new head coach, they added, would be taken until after the 1928 season, 1929 initiated.

SPEEDY ACTION DECIDED UPON BY OFFICIALS

Charge Against Alleged Stayer of Henry Foss To Be Acted on Next Week

KOON HELD IN JAIL

Decision To Convene Grand Jury Made by Prosecutor and Judge Scofield

That a special session of the grand jury will be called to pass on the murder charge against Everett Koon, alias Cecil Dean, alleged rednecked slayer of Henry Foss, was announced today by Prosecuting Attorney Frank Whitmann following conference with Common Pleas Judge Scofield. Mr. Foss was fatally injured when attacked by a robber in his home northwest of Marion Tuesday.

Just what day the jury will go to session has not been determined. Whitmann was being delivered by Sheriff James Deel today and it is expected that all will be in readiness for completion of the case about Wednesday.

In the meantime Koon is being held at the county jail. In a conversation with E. H. Klinger, parole officer from the penitentiary, at the county jail yesterday, Koon is said to have admitted the robbery and the conduct that caused the death of Mr. Foss of the City Hospital, Wednesday morning.

"The greatest surprise to me," Klinger said in discussing the case with the police after his visit to the jail, Chief of Police Thompson reports, "is that Koon had enough nerve to commit such a crime. Koon is a coward. He always has been a coward and every crime in which he took part was committed while he was under the influence of intoxicating liquor."

Koon on Guard

The parole officer also said Koon's father served time in the penitentiary 20 years ago on a manslaughter charge. Chief Thompson stated. While serving time at the penitentiary on the charge of carrying concealed weapons, Klinger said, Koon had been a good prisoner and had given no trouble and in the latter part of March, following his parole from the prison, Klinger said he had received a letter from Koon asking for permission to go to Pennsylvania to seek work, and be supported by his wife.

Klinger also said Koon has been married, that he has two or three children in the southern part of the state and that he has been divorced from his wife.

Several pictures of a woman and three children found in a postoffice taken from Koon by the police, are believed to have been photographs of his family.

Federal services for Mr. Dean, the aged man who met his death in the robbery attack, are being held this afternoon from the Latham Chapel, north of Marion, conducted by Rev. L. E. Green and burial will be made in the Marion Cemetery.

Two Sides of the Fence

There are two sides of the fence today. A city, in its bid for industry and progress, must be on one of the two sides. There is no such thing as staying a-top the fence. On one side are out-grown ideas of values, and stagnation. On the other, clear-minded realization of what industry demands, 1928 ideas of worth and values, and steady constant growth.

It is for Marion to choose her side of the industrial fence.

Recognition of the facts that an adequate supply of gas is necessary to industry, and that Gas is Worth More, is the weight that will bring Marion to firm footing on the right side of the fence—the side where growth is certain and industry flourishes.

When you do this much for Marion, Marion will repay you with better living and working conditions.

WATERMELONS MAKE MARKET APPEARANCE

Latest Offerings of Dealers Here: Large Size Listed at \$1.75 Each

Appearance of watermelons on the local market the latter part of the week, was the only variation of an otherwise featureless period here. The supply was limited but was ample to meet the demand. Large melons, said by dealers to be of good quality, sold at \$1.75 each. A gradual decrease in prices as the melons come from fields farther north is being predicted.

Strawberry prices were fairly steady during the week. The supply was just about sufficient to meet the demand, and the prices varied little. The latter part of the week found nearly all dealers asking 20 cents for extra good berries while berries not quite so good were selling at 18 cents. Tennessee stock still continues to supply the local market. The cool, dry weather had held back the home-grown berries and growers are not looking forward toward an extra good crop unless there is more rain with warmer weather.

Vegetable markets were devoid of variation here this week. Prices were about the same all week with supplies apparently ample to meet the demand. Sweet corn, which was on the market in small quantities two weeks ago, was entirely absent this week. Old potatoes continue to supply a large part of the demand, although dealers report an increase in the call for new stock. New potatoes have held at five pounds for 25 cents during the entire week, while old stock was being offered at from 30 to 35 cents a peck.

PRESENT PLAY

Seniors of Kenton Parochial School Entertain With Comedy

Kenton, June 2.—"Sunshine," a comedy, was presented last night in the Parochial School auditorium by the seniors of the high school. The play was full of amusing situations and lines and was well staged and performed. Members of the cast were: Theodore Meuter, Agnes Lynch, Mary Taylor, Hannah Mullins, Eugene Schwartz, Lodianna Staudenmaier, Russell Rohr, Richard Maubik, Pauline Maubik, Paul Taylor and Agnes Dowd.

Special numbers were given by Lucille Poland, Brenna of Springfield, and Margaret Smith, Marion Taylor, Jimmy Kordenbrocker and Junior Black.

Realtors Plan Road Excursion on Ohio River This Month

Invitations will be issued to a number of Real Estate Boards in eastern states to join with Ohio Realtors in a boat excursion down the Ohio River to the national convention in Louisville, June 19-22. This decision was reached at a meeting of a state committee that is working out arrangements for the excursion. According to Ray R. Hoffer, secretary of the Ohio Association, reservations are coming in very rapidly and it is anticipated that more than 200 Ohio Realtors will take this novel trip.

LAY DELEGATE RETURNS FROM CONFERENCE MEET

Mr. Gilead, June 2.—Dr. and Mrs. W. B. Robinson returned from Kansas City where Dr. Robinson served as a lay delegate to the General Conference of the Methodist Church. Dr. Robinson was one of eleven laymen to be selected from the Northeast Ohio Conference, the largest conference in Methodism. Dr. Robinson has been an active church member here for many years and has been an enthusiastic supporter of Sunday School activities. He has probably been Sunday School superintendent here longer than any other one man. Dr. and Mrs. Robinson left here for the conference a short time before the first of May.

Mortgage Total in County Shows Decrease This Week; 23 Deeds Are Recorded

Realty Market Holds at Average, Although Loans Drop, Largest Mortgage of Week Registered at \$17,000; Placed on Property in City

With a total of \$71,947.22 for this week, mortgage loans registered in the county recorder's office were approximately \$10,000 below the mark for last week.

The largest mortgage this week was for \$17,000. It was placed on city property and was taken by a local building, savings and loan company. This is considerably larger than loans have been running during the last few weeks.

Loans on property outside the limits of the city of Marion were low again this week. The total was only \$12,250. While this is considerably lower than the average for the last year, it is the highest since the week ending May 4.

Loan companies placed \$55,685 in mortgages this week. The remainder was distributed between individuals with \$6,002.22 and banks with \$9,700.

Mortgages showed a decrease of 12, the number placed this week being 23. The same number of deeds were recorded in the county this week.

BANK CLEARINGS

Total Here Reached \$255,526 For Five Day Period

Although having but five business days, the week ending Thursday showed a reduction of but \$9,861.94 in local bank clearings under the total of the preceding week, when clearings were reported at \$265,388.30. The last week's total was \$255,526.00.

Bank clearings for the last month have shown but little inclination to change. A gain of one week was offset by a reduction the following week and the average, bankers say, shows business to be slightly below normal. Conditions when normal produce clearings of approximately \$100,000 a day, they state.

SEEK UNIFORMITY

Members of Ohio Program One Plan for Business Surveys

A committee composed of all real estate board secretaries in Ohio has been appointed by Ray C. Smith, president of the Ohio Association of Real Estate Boards, to work out plans for a uniform vacancy and business survey to be conducted simultaneously by all real estate boards in the state some time during 1935. A number of real estate boards already conduct such surveys but vary somewhat in the forms and methods used. According to Mr. Smith, the committee will work out a uniform blank and plan of procedure to be used by all boards.

MT. GILEAD CHURCH HOLDS PICNIC MEET

M. E. Members Hear Reports Which Mark Close of Year

Mt. Gilead, June 2.—A picnic of the M. E. Church members was held in the basement of the church last night at which the reports of the various departments of the church were given and the business year closed. The reports were approved by Rev. J. C. Smith who stated that the church finances were in very good standing and also remarked that the Sunday School contributed more to the church regularly than any other he had been connected with.

Reports were given by the Women's Home Mission Society, The Epworth League, The Standard Bearers, Women's Foreign Mission Society, Sunday School, Ladies Aid Society, Benevolence Committee, and Church budget committee. The Ladies Aid Society closed the year with a cash balance of \$140 after contributing generously to all departments, and paying to benevolences, and church repair. This society paid half on several repair bills on the church and conducted the annual church supper in addition to bazaar, etc.

The benevolence committee report was interesting in the way the money had been spent. The church has been supporting through this committee several mission schools, and many other benevolent societies. The committee report shows that the money handled through this department is reviving after a slump in recent years. Charles Hickson, treasurer, stated that the amount handled last year passed the \$7,000 mark.

Dr. and Mrs. W. B. Robinson were present and were called on by Rev. Smith, who took charge of the meeting. They each gave a short talk on their 30 days spent in the General Conference in Kansas City.

THE ever fighting Eagles today beat the Commercial Recreation ball team as the only undefeated team.

Defeating the best club in the league the league leaders attained that position by eliminating the Kappas from the running last night by a score of 7 to 3. The Kappas sustained their first

defeat in the contest. It was the old lucky seventh for the Shovel A. A. team when it defeated The Marion Star, 3 to 2. The Star nine scored one run in the first inning and for five innings the teams battled at a even rate.

In the first of the seventh three men scored while The Star, with bases loaded, was only able to push across one run.

With only one defeat so far this season, the K. of P. team is kicking up lots of dust in second place. Last night the Isaly Dairy aggregation was defeated by the Isaly team, 4 to 1. The Isaly team went scoreless until the seventh inning.

The Baptists were given a few lessons in the art of hitting by the Erie Clerks. As usual the Kiwanis team failed to show up for their game with the Erie Yardsmen. This makes three straight weeks that the Kiwanis have been somewhere other than on a recreation diamond.

The scores: Kappas..... 020 001 0-3
Eagles..... 202 201 7-1
Baptists: Rank and McIlhenny; Bacon and Andrews.

Shovel A. A. 000 000 3-2

LIGHT HEAVY CROWN OF LOUGHRAN STILL SAFE AFTER BATTLE

Latzo Manages To Carry Four Rounds: Two Others Even

New York, June 2.—Tommy Loughran's crown was fairly on his head today after being exposed to the ponderous shots of Pete Latzo for 15 rounds last night at Ebbets Field.

The light heavyweight champion, a 2 to 1 favorite over the Scranton miner, did not win as easily as was anticipated, for Latzo's ceaseless aggressiveness carried several rounds. The former welterweight title holder was strong and full of fight all the way and compelled Loughran to step

lively and spend his way to the decision. Loughran occasionally lapsed into Latzo's rough house style of milling and it was then that the challenger had his best and most inspirational moments. Pete's strength and weighty punches gave him an advantage in these exchanges, but Loughran was smart enough to get out of Pete's groove and in the last four rounds out-latzoed him with vicious volleys of right hands smashes to the ribs.

Wins Four Rounds Through blinding barrages of left jabs and hooks, the challenger ploughed steadily for 11 rounds. His face was raw from contact with Loughran's leathering, but he persisted in his attack and managed to place four of these rounds to his credit.

Loughran seemed to tire from his efforts in fending Latzo's rushes. Chinning uppers and jarring rights to the head did not discourage the challenger, and finally Loughran switched his fire to the body and carried the last four rounds to outdistance his rival by a wide round margin.

Latzo carried the eleventh he rushes that seemed to tire Loughran, but then faded fast. The champion found his second wind after fighting himself into shape. By dropping his attack to the body, he came through with a real champion's finish.

Long rights thudded to Latzo's ribs and seemed to take more out of him in a round than all of the previous hard messages. Tommy stuck to this style until the end and had Pete floundering in the last four rounds. However, the challenger never stopped trying. He certainly performed better than a 1 to 2 shot, but he was up against speed, reflexes and a number of other handicaps. Loughran was half a head taller, had a much longer reach and was far more nimble than his pudgy opponent. He also outweighted Latzo, 175 to 165.

Under the circumstances Latzo did well to carry four rounds and hold Loughran even in two others.

Foxx Turns Into Great Find For Mack; Is Star Catcher

By FRANK G. MENKE

Maybe Jimmy Foxx—be sure about that double "x"—isn't going anywhere in particular but you'd have a tough time convincing Connie Mack of the logic of such reasoning.

For right now the most remarkable of all the managers thinks that the youthful lookstop he carried for the price of a railroad ticket, not only will become one of the greatest of backstops but also a long distance hitter to rave about to the folks back home.

Six year ago Frank Baker, the old "home run king," who was managing a club in the minors, was accosted one day by a giant of a youth—barefooted. "Could you use a catcher—or maybe an outfielder?" asked the youngster.

Hardcore kid Baker looked at the kid—six feet tall, as big and powerful as an oak tree, with a baby face and bare feet. And for the moment, as one does say when trying to create an impression among the intelligentsia, Baker figured somebody was "kidding" him.

A search of the amateur revealed no lurking redskins nor no savage practical joker. So Baker replied: "Sure; where can I find him?" "The kid," answered the kid. "But where's your shoes?" "Oh, I play barefooted." "But not in my league,"

Played at Third So Baker dug up a pair of shoes and, being minus a third baseman that day, he put the boy at that station. He kept him there until the end of the season. Then he sat down and wrote as follows to Connie, his old chieftain: "You'd better grab this kid before he plays a couple of more years of baseball when it will cost you \$25,000 to lose a rope on him."

So Connie hired Foxx, ordered him to report the next spring. But when Connie found that the kid was only 16 he decided to plant him in some farm and let him grow up.

GIANTS AND BRAVES WILL GIVE REDLEGS REAL TEST ON ROAD

Next 20 Games Will Determine Status of National League Clubs

BY DAVID J. WALSH

New York, June 2.—That long-dormant race in the National League is about due to ring some Chinese obligate, what with the big four of the west venturing into this section for first and at least one eastern club showing an inclination to arise and do battle against the redlegs in collaboration with the Giants. They say the test of a ball club's fighting soul is not only on the road, therefore the ensuing 20 days should tell as much about the Cubs, Reds, Cardinals and Pirates.

The latter, for example, either are going to start winning now or abandon further pretense of being a championship club. They must play to an average of at least .500 on this road trip, if they expected to figure in the immediate proceedings with any degree of prominence.

Reds Must Answer The Reds will have a few questions they must answer, too, during their absence from Cincinnati. But, unlike the Pirates, theirs will not be a question of improvement but one dealing with an inquiry as to how long they can sustain the gallant pace that carried them to the head of the league and kept them there. If the club can win a few more games than it loses on this trip, it will have to be definitely accepted as a permanent contender of the first rank.

There is, in fact, a disposition here to rank the Cubs and Cards with the Pirates as the most serious threat from the west against the chances of the giants bringing a pennant east for the first time since 1924. However, much of this attitude will be subject to change unless the Pirates can do something in the east.

Pirates Can't Afford Defeat If any outfit ever could afford to lose a few ball games, it's the Pittsburgh Pirates at this moment. The Cubs, too, will have to rouse themselves in the next few weeks or stand convicted of being a poor road club, which almost means that they can't and won't win the pennant. Show me a club that only can win at home and I'll show you the team that figures to miss a pennant victory in a race such as this.

The Cubs and Reds must take slightly by the worst of the going at the outset. The giants in a three-game series, starting tomorrow, while the trail-blazing Reds are in Boston. The latter is "hot" right now, having undergone a rather revolutionary change for the better since Hornsby took charge. The Cincinnati-Boston series opened yesterday. So did the Cardinals-Phillies meeting in Philadelphia, the idea being to get the jump on the closed Sunday that prevails in those cities. Pittsburgh, meanwhile, will open in Brooklyn tomorrow, this being something of a break for Dredfoot and Ruth in view of the fact that the Dodgers have been going some too well, if at all, in recent weeks. However, the Pirates have been harrying nowhere at a terrific clip themselves, so I guess it is all even.

Anyhow, the real show down for each western entry will come at the polo grounds which will be visited by the Cubs, Cardinals, Reds and Pirates in that order. I wouldn't declare that this succession of visitations from ranking contenders is any laughing matter to the Giants either. The truth of the matter is that the status of the various contenders may be pretty well defined during the month of June.

PRELIMINARY GAME IS SCHEDULED HERE

Eagles Will Enter Contest With Revamped Lineup; Butler Recreation Team Will Play Upper Sandusky

With the percentage of games won so far this season standing at .750, the Marion Eagles baseball team will participate in their second inter-club game Sunday afternoon at Lincoln Park meeting Fostoria Eagles.

As an added feature a preliminary contest starting at 1 o'clock will be played with the Butler Recreation team, the Upper Sandusky recreational ball team. The Eagles' contest will start at 3 o'clock.

Last week the Fostoria team defeated Delphos, 16 to 5. The winning hurler, Sharrock, has been pulled in from the position to play first. Bacco will be back to his old position on second.

The local team has been defeated by once so far this season. That was at the House of David nine in the second game of the season.

Whether or not heavy hitting members of the Marion team can get the Fostoria pitchers will decide the outcome of the game.

Stall will be used in reserve by Marion in case Longshore is unable to pitch. The first time that the youthful Longshore has been given a chance to start a game.

Tigers Face Yankees After Sweeping Cleveland Series

New York, June 2.—The winning streak of the Detroit Tigers, who made a clean sweep of the Cleveland series by taking a 5 to 4 decision from the Indians yesterday, seems to be doomed to an untimely death in the very near future—for the world's champion New York Yankees hit Detroit today on their first western trip of the season. The champions, are sporting the unprecedented percentage of .541 in the standing of the clubs, and every New York regular is hitting above .300.

The shipping Indians face the rejuvenated Red Sox today, Washington takes on St. Louis and the Athletics meet the White Sox.

Weak Sisters Fight Hard
The Boston Braves and the Phillies, supposedly the weak sisters of the eastern division of the National League, gave the western invaders a stiff battle yesterday but both lost. The Cincinnati of nifty Cincy Reds, who had made only five home runs all season, showed the Braves with the aid of three homers, Critz's four-bagger in the tenth gave the Reds a 7 to 6 verdict.

The Phillies finally got some good

Broad Forward Swings in Motor Stocks Resumed

HIGHER PRICE
LEVELS REACHED

Taking Over of Dodge by
Chrysler Features Auto-
motive Activities

Markets at a Glance
Industrial stocks firm, railroad
stocks firm; domestic bonds in-
crease; foreign bonds irregular, com-
mon stock, all steady, sugar steady,
rubber steady, pig iron steady and
foreign exchange irregular.

BY W. S. COLEMAN
International News Service
Financial Editor

New York, June 2.—Broad forward
swings in the motor, steel, railroad and
specialty stocks were resumed this
week, with the resumption of the five-
hour working day on the Exchange and
the wide participation of the outside
trading public in the market. Higher
price levels were reached by a number
of the speculative favorites, particu-
larly in the motor group.

The five per cent call loan rate an-
nounced on Monday, for the first time
since the middle of 1921, was the first
result of the withdrawal of funds from
the call loan market by the banks at
this center, in preparation for the June
"settlements" which will aggregate
close to \$500,000,000. There would
have been considerably more of a
squeeze in the money market had not
the outside banks and non-member fi-
nancial institutions been ready to put
out a good volume of funds at the cur-
rent attractive rates.

Unusual activity in the motor stocks
on Monday foreboded special de-
velopments in the motor industry, and
this was formally brought to the no-
tice of the business world after the
close of the market in the announcement
of the taking over of the Dodge
Brothers Inc. property by the Chrysler
Corporation. Acquisition of Dodge
was secured entirely by the exchange
of stock, a common share of Chrysler
being given in exchange for one prefer-
ence share of Dodge, or five shares of
Class A common.

Strength and activity of Studebaker,
Packard, Overland and Hupp was re-
lated most directly to the excellent earn-
ing records of these companies in the
first half of this year, but buying of
Pierce-Arrow, Mohr and other low
priced stocks was stimulated by new
merger rumors.

Trade Activity Improves
Moderate improvement was noted this
week in important departments of in-
dustrial and trade activity, but nothing
that the stock market was particularly
interested in. Copper and steel buy-
ing continued in good volume, building
contracts maintained the high record of
the preceding week and automobile de-
mand was in some cases beyond the
capacity of the plants to supply. Henry
Ford's employment report showed 115-
200 men at work, the largest number
in the history of his important plant.

Pineapples for canning were being of-
fered by local dealers today. No. 66
fruit was selling at \$1.25, No. 30 at
\$1.75; and No. 24 at \$2.50 a dozen.
Dealers report the supply large with a
rapid increase in the demand. Included
in the specials being featured by de-
alers today were watermelons at \$1.
The melons were smaller, however, than
those being offered at \$1.75 yesterday.

Other specials being offered today
were new potatoes at 45 and 30 cents
a peck and had lettuce at two heads
for 15 cents. Other vegetable prices
were fairly steady. New cabbage con-
tinues plentiful and dealers report a
ready sale at 10 cents. Cucumbers
are holding at 30 and 25 cents. Peas
and green and yellow wax beans were
selling at 30 cents a pound. Iceberg
radishes were being offered at 10 cents
a bunch and button radishes at three
bunches for 10 cents.

Strawberries were more plentiful to-
day and prices ranged from 15 cents
for mixed quality to 20 cents for se-
lects. Uncertain as to the home-grown
berries, many housewives are taking ad-
vantage of the low price for shipped-in
stock to make their winter supply of
preserves. Warmer weather is needed
if the local crop is to be of any size,
growers say.

Peas were being offered as a
leader today at four pounds for 25
cents and peas at 25 cents a dozen.
Lemons are holding at 45 cents a
dozen with a further advance predicted
by dealers with the coming of warmer
weather.

Retail meat prices were steady.
Chickens were selling at 30 cents.

HIGH PRICES BID
FOR LOCAL STOCKS

Marion Water Co. Preferred
Takes Lead with Offering
of 104

Brown percent preferred stock of
the Marion Water Co. attracted the
highest mark reached by any Marion
preferred stock this week with a bid
on the local market today of 104 and
accrued dividends, reported by George
B. Knapp, local broker. The 6 per-
cent preferred stock of the Marion
Manufacturing Co. bid at 102 and the
Marion Steam Shovel Co. preferred at
102 and the Marion Water Co. preferred
at 104 indicates a real interest in
these securities, those being the prices
bid for the stocks on the local market
today.

Three bid prices are the prices of-
fered by prospective purchasers for
these stocks and with these securities
selling above par indicate a real in-
terest in the preferred issues of two of
Marion's oldest and strongest indus-
trial concerns and in Marion's oldest
public utility.

INCREASE IS SHOWN IN MAY FIRE LOSS

Total Here Almost \$2,000
Higher Than Same Month
in 1927

A marked increase in both the number of calls and in the fire losses during May over the corresponding month last year, was shown in the report for last month, submitted by Fire Chief McFarland today. Thirty-one calls were answered by the departments during May compared to 17 last year, while the fire loss during the month was \$4,475 compared to \$2,980 for May of last year.

Flies which partially destroyed the Tom Baker home at Delaware-av and Washington-st and did \$1,100 damage at the rooming house conducted at Mrs. V. R. Gardner, on W. Center-st, contributed most to the loss of the month.

Frangipane Take Part in Nazarene Church Revival Meeting

Mr. and Mrs. B. D. Sutton, evangelists, sang as a special number at the revival meeting last night at First Church of Nazarene. "After the Storm Comes the Rainbow," Rev. G. E. Wadde, pastor, preached from the text, "Thus saith the Lord, stand ye in the way and see and ask for the old paths where is the good way and walk therein and ye shall find rest for your souls." There will be a service tonight at 7:30 o'clock but none Saturday afternoon or night. The revival will continue with Sunday services.

MILITARY EQUIPMENT

ON DISPLAY AT STORE

Equipment used by Howitzer Company of the 160th Infantry, Marine artillery unit, on display in show window at the Marion Paint Co. store, 100 E. Center-st, is attracting an unusual amount of attention. The exhibit includes a one-pounder gun, range finder, truck motor and various other articles, mostly part of artillery fighting equipment.

The range finder, which can fix the location of a target at a distance of several miles, is valued at \$1,200. The exhibit will remain in the store windows until next Wednesday.

ADDRESSING KIWANIS CLUB

Gallion, June 1—Rev. R. A. Stephan was in charge of the program at the regular meeting of the Kiwanis Club which was held Tuesday noon at the grill of the Central Hotel. Following a song session which was led by Charles Moore with John Benbow at the piano, Stephan introduced the speaker of the occasion, John W. Bricker, of Columbus. His talk concerned present day political affairs and surveyed the critical situation which is being faced today.

Graduates Receive \$1,744 As Vocational School Pay

Nine boys of the vocational department of Harding High School, graduating this year, today were to reap the benefits of two years' industrial work, carried on in addition to their high school studies. The boys attended school two weeks, worked for a local industrial firm the following two, alternating the program during the last two years.

Their earnings, which all told amounted to \$1,744.45, were the 50 per cent of their salary held in trust for them by the school until graduation.

The sums varied, as the various firms operated on different plans. Those vocational students graduated this year are Wayne M. Anthony, 1545 E. Graham, John B. Feltz, 1545 E. Graham, Patrick Stokes, 1545 E. Graham, and E. Walker.

LODGE CELEBRATES FOUNDING OF ORDER

Delegates from Neighboring Cities Attend Festivities

Bucyrus, June 1—The seventy-fifth anniversary of the founding of the National Junior Order of the United American Mechanics was celebrated last night at the Junior Order hall by the local chapter. Delegates from Mansfield, Tiffin, Marion, Crestline, Shelby, Ashland and Osgood attended. Charles Kernan, superintendent of the National Orphan's Home with three little girls from the home attended the program. Mr. Kernan addressed the audience on "Responsibilities of Education of the Children in the Home." Mr. A. E. Llewellyn, National Councilor, attended and gave short talk on the merits and history of the order.

Had they not completed their work and received their diplomas, the money would have been given to the vocational department. The other 50 per cent of their daily wage rate was given them during the work period.

LaVerne F. Nash was to receive the largest sum, his account being \$251.64. The others were: John E. Llewellyn, \$250.44; John E. Llewellyn, \$250.44; Phoyd D. Bowman, \$250.44; Charles A. COURT EARNS \$1,453 DURING LAST MONTH

Report Filed for City Tribunal; 64 Arrests Recorded on Docket

Earnings of the Municipal Court during May were \$1,453.75, according to a report for the month completed by Deputy Clerk Melville Chubb, yesterday. Of this amount, \$2,138 was paid to the state and \$551 to the county in state cases, while the city received \$949.40 in criminal cases and \$325.95 in civil cases.

An increase of 11 in the number of arrests during May over April is shown by the court docket, which records 61 arrests in May for various causes, compared to 53 in April.

As in the preceding months, intoxication led in the cause of arrests, 25 having fallen into the hands of the law during the month for this offense, compared to 20 in April. There were also five arrests each for illegal possession of intoxicating liquor and driving an automobile while intoxicated and seven for giving worthless checks. One arrest for murder appears on the docket for April.

FOUR LEAVE MARION FOR NAVAL SERVICE

Two Local Recruits, One Bucyrus and One Mansfield, Enlisted Here

Four young men left Marion this week for the United States Navy to be enlisted with the June quota from this district, it was announced today at the local navy recruiting station, located in the American Legion building, 8, High-st., in charge Chief Purser Captain John B. Shanks.

James Edgar Starnes, 650 N. Versailles and Edward Sidney Norton, of 141 N. Grand-st., Charles Lindley Moore of Bucyrus, Harry R. Chisholm of Mansfield were the four enlisted from this station. All were transferred to the training station at Great Lakes, Ill., for eight weeks' training.

After completion of this training they will be sent to one of the trade schools or to a ship on either the east or west coast country for duty. Starnes, a graduate from the Kronton High School this year, expects to enter the Naval Academy preparatory school and later enter the Naval Academy. The law allows 100 men to be sent from the naval service to the Academy each year and men desiring this are sent to a preparatory school either at Hampton Roads, Va., or San Diego, Cal., for training in the qualifications necessary to pass the entrance examination for the Academy.

In order to be eligible for these preparatory schools the following qualifications are necessary: must not be

NEW SCOUT QUARTERS

MARION Boy Scouts have a new gathering place as a result of an agreement reached between the local Council and members of the Y. M. C. A.

The entire north half of the "Y" building on the second and third floors has been turned over to Scout Executive W. C. Brown.

In addition to the executive offices, space will be provided for meeting places of Troops No. 1, 2 and 6 and a large hall on the third floor for inter-troop gatherings.

According to Executive Brown the new space will be a great aid to the advancement of Scouting in the city.

WILL ATTEND SCHOOL

Jack Melvin, assistant director of Camp John A. Owens, will attend the Region Four training school at Columbus, starting next Wednesday. The school lasts one week with special emphasis being placed on swimming instruction.

START WORK MONDAY

Construction work on the new dining hall at Camp John A. Owens will be started Monday by a corps of carpenters. The work is to be completed before the opening of the summer camping period.

LETTER AWARDS

Scouts who have attended camp for three years will be awarded the camp letter. The letter is orange in color and has a large black "O" with wings on each side.

CAMP PARTY

Members of Troop No. 3 of Epworth Church will be guests of Butler's Store Wednesday night at Camp John A. Owens. A feed is being planned for members of the troop.

MEETING AT CAMP

Under the direction of Scoutmaster Ihn, Troop No. 1 of Marion held its last meeting at Camp John A. Owens. After a ball game, cats were served.

APPLICATION FILED

With 17 Scouts on the list, Troop No. 10 has applied for renewal of its charter.

HIKE TONIGHT

An overnight hike to Camp John A.

Owens is planned by Troop No. 4 tonight. Second class tests will be taken by Scouts.

PLAN MOBILIZATION
Troop No. 6 will hold a surprise mobilization, Saturday. The troop will meet—that's not out yet, the Scoutmaster knows.

IS ADDED TO ROLL

Twelve new members have been taken into Troop No. 3. The membership of the Troop now stands at 28 Scouts.

ASK CHARTER RENEWAL

Troop No. 7 of Prospect has applied for renewal of its charter. A total of 22 names were included on the list.

READY FOR CHARTER

Organization of Troop No. 14 at LaBue will be completed Tuesday night when a charter is presented the troop committee by Executive Brown.

5 Record Months
THE GREATEST IN 20 YEARS
OF WILLYS-OVERLAND HISTORY

MAY SALES SET NEW HIGH MARK

With May reaching a new high peak—Whippet and Willys-Knight sales continue to mount, month after month, week after week, day after day.

The five months just completed were by far the greatest in all Willys-Overland history. In spite of the fact that April had produced the greatest sales on record, May established a new mark with an increase of 18% above the previous record-breaking month.

The perfected Whippet Four, at greatly reduced prices, is a tremendous national success. The new Whippet Six

—the world's lowest price six-cylinder motor car—is paralleling the Whippet Four in popular acceptance.

The recently announced low price of the Willys-Knight Standard Six has resulted in greatly increased demand for this splendid car. Sales of the Special Six and the Great Six continue in unbroken volume.

Come in and see the Willys-Knight and the Whippet Four and Six lines. And for early delivery it will pay you to place your order now.

Milestones In Marion's Fire Department

In view of the honor which the Fire Chiefs' Association of Ohio has paid Marion by selecting this city for its Annual Convention on June 4-7, it is fitting that we review the history of our own department.

Back in the days of '83—forty-five years ago—Marion engaged her first paid fireman—the first chief, William Fies. Then came the big event three years later when the first steam engine, which was drawn by hand, was housed with joyous ceremony.

In 1892, there were four men on the payroll—and horses supplanted the man power for the apparatus. Eleven years later Chief T. J. McFarland joined the staff—the first full time Chief the city had.

A long step forward, it is not, to the present day with twenty-eight men, three fire stations, four combination automobile pumping engines, and other complete motorized equipment?

In this growth of our fire department credit is due in large measure to Chief McFarland who, in July, will complete twenty-five years of active service.

This city can well be proud of its Fire Department—and of the opportunity to display its equipment to our visitors.

soon, to be followed by a trip to the Harding Memorial in cars provided by citizens and a bridge party at the Country Club.

Tuesday night the visiting women will be guests at a theater party and on Wednesday afternoon and night they will be entertained at Crystal Lake park with the demonstrations in the afternoon followed by a picnic dinner at 6 o'clock and dancing in the evening.

The program for the entertainment on Thursday morning is now being worked out.

Many boxes and crates containing fire-fighting accessories to be used in the convention exhibits and also in the demonstrations at Crystal Lake park, Wednesday afternoon, have arrived and are being stored at the Central Fire Station.

Preparing Hall

Firemen of the various crews at the three city stations have been working the past several days cleaning and painting the large room on the second floor above Hoch Motor Sales Co. on S. Prospect-st which has been secured as the convention hall. The room was selected as the convention hall because it is near the Central Fire Station and for the reason there will be ample room for the exhibit of fire-fighting apparatus and accessories, which will be an important part of the three-day program.

According to John C. Schelling, of Wooster, a director of the state association and chairman of the exhibit committee, the displays here promise to be among the largest ever shown at a state gathering. Applications for space in the exhibition hall have been received from 14 manufacturers of fire-fighting apparatus in addition to a large number of manufacturers of accessories.

On Wednesday afternoon a large part of the exhibits will be taken to Crystal Lake park for a series of demonstrations of the proper manner of handling the apparatus, particularly with a limited water supply.

All Urged to Attend

A series of letters announcing the convention and calling special attention to the demonstrations have been mailed to hundreds of fire chiefs and other city and village officials throughout the state from the office of State Fire Marshal Louis F. Miller at Columbus. In a letter to 379 chiefs the fire marshal gives credit to the Fire Chiefs' Association for the record held by Ohio of having the lowest fire waste of any state in the union and urges that each of the chiefs arrange to attend the convention here next week.

Between 200 and 250 chiefs, including those of paid, volunteer and industrial fire departments, are expected to attend the convention. A large number have already signified their intentions of being here and reservations are being received by mail and telegram.

Anyone who enjoys young writers to use only plain and simple words simply doesn't know anything about literature. Did Milton, Shakespeare, Tennyson, Ruskin confine themselves to such?

Think

The man who trains his mental powers highly, enters business or professional life, then drives his mind madly after fame and the dollars, neglecting his body, usually awakens to the fact that proper food and food combination are most essential in order to be able to keep climbing up the steps to success.
